

30x30 Acquisition Opportunities

Governor Newsom’s Executive Order N-82-20 sets a goal for the State to protect 30% of California’s lands and coastal waters by the year 2030. It is commonly known as the “30x30” (30 by 30) campaign. With more than 80 conservation and community groups supporting the Friends of Harbors, Beaches, and Parks (FHBP) Green Vision Map, opportunities exist already for preservation. In partnership with Hills For Everyone, the Green Vision Map has been segmented and lists property by property opportunities for acquisition. The 30x30 campaign would only purchase land from willing sellers. Parcels included are a minimum of 15 acres and are shown within 18 different geographies on the existing Green Vision Map. We want the State of California to know we are organized and ready for conservation funding with 292 properties totalling more than 33,200 acres.
